Daily Weather Report.  
KNOXVILLE, TENN., July 21, 1879.

Time of Observation.	Barometer reduced to Sea Level.	Thermometer.	Direction of Wind.	Force of Wind.	State of Sky.	Weather.
7 A. M.	30.21	71°	E. N. E.	1	Fair	
11 A. M.	30.13	83°	S. W.	6	Clear	
3 P. M.	30.06	87°	S. E.	4	Fair	
7 P. M.	30.01	86°	E.	8	Fair	

Maximum Thermometer 89°. Minimum 64°.  
B. F. Hovner,  
Ser. and Signal Corps U. S. Army.

INDICATIONS: For Tennessee and the Ohio Valley, partly cloudy weather and arrears of rain, with a slight rise in temperature, slight changes in barometer and southeast wind.

Give the repudiationists in Tennessee a blow by going to the polls on the 7th day of August and voting for the 4th compromise.

It is highly important that the 50 4 proposition should be carried by a large majority, and we trust our friends in the country will not fail to go to the election. The 7th day of August is the time.

The New York Sun asks the question, if Tilden should be "elected a second time, would he be permitted to administer the office?" Give your answer, Mr. Tilden, to that score, Mr. Dana, there is no danger in the world of his election.

NASHVILLE Banner: Allow the Banner to make a prediction. If this compromise is not settled at the August election, it will be the last chance the people will ever have to settle it on such favorable terms. The next offer will be to pay the whole debt, and the owners of such a vast sum will find some way to get it. Mark our words.

A MEETING of Bonapartists was held in Paris Saturday at the residence of M. Rouher, to determine what policy they should pursue in consequence of the death of the Emperor Napoleon. They adopted a resolution declaring Prince Jerome Napoleon the head of the Bonaparte family, all of which amounts to a great deal of nonsense.

HON. JOSEPH ECKEL, of Talbot's Station, was in to see yesterday. He is one of the best State credit men in Tennessee, and one of the best men in the State, and we are glad to know that he is outspoken in favor of the 4th compromise. He agrees with us that it is not what we ought to have, but that to reject it would be ruinous to all our best interests, and a lasting blot upon our good name.

A private telegraph received at the railroad office here about noon brings the information that Tom Kernan, Passenger Agent of the Memphis and Charleston Railroad, who was reported down Saturday, is dying.

## MINOR DISPATCHES.

OPEROUS, LA., July 21.—In a difficulty Saturday night at a party near Church Point, Alexander Childs was killed and Leonard Cornaby dangerously wounded. The fight was the result of an old feud.

## TELEGRAPHIC.

## LATEST FROM MEMPHIS.

Fifteen New Cases of Yellow Fever,

And Two Additional Deaths Reported Yesterday.

The Outlook Gloomy and the Exodus Continues.

Fifteen Hundred Tents Sent From Washington,

And Rations for Ten Thousand for Twenty Days.

## YELLOW FEVER.

MEMPHIS, July 21.—Fifteen cases of yellow fever were reported to the Board of Health this morning. Among the most prominent are W. C. Coppinger and wife, J. C. Harris, a well known dentist, Charles Philmont and wife, George Nail and two Misses Raja.

Two deaths occurred, Dr. J. C. Harris and W. C. Coppinger. The exodus of citizens is in full progress, and business almost entirely suspended. The general outlook is anything but cheering.

St. Louis, July 21.—The health authorities decided last night to put in force a partial quarantine against Memphis. A corps of physicians and sanitary officers were sent down to quarantine fifteen miles below the city to stop Memphis boats and inspect passengers and make use of disinfectants.

WASHINGTON, July 21.—Upon the request of Hon. Casey Young the Secretary of War will to day forward to Memphis fifteen hundred tents, and rations for ten thousand persons for 20 days.

Hon. Casey Young, of Memphis, and other prominent Southern gentlemen, are contemplating the organization of a yellow fever relief committee in this city. The idea is that in the event of the fever becoming epidemic, to receive in Washington such donations as may be offered, and distribute the same to the best advantage throughout the infected districts. A formal meeting to consider the proposition will be held to-morrow night.

NEW YORK, July 21.—A dispatch from Dr. R. W. Mitchell, member of the National Board of Health, now in Memphis, to F. S. Davis, of Memphis, now in this city, says: "Since 9 o'clock yesterday morning, nineteen cases of yellow fever have been reported, and seven deaths have occurred. Twenty-nine cases had been previously reported and six deaths. The fever is spreading."

St. Louis, July 21.—Quarantine regulations were put in force here today prohibiting the importation into the city of all freights from infected districts; forbids all trains or boats directly from Memphis, or which have landed on either side of the river within one mile of that city, to enter St. Louis, without a permit from the Health Commissioner, who will be posted at the quarantine station five miles below the city, and require that all passengers found sick with yellow fever, or anything resembling it, shall be taken into the quarantine hospital and there treated.

## MISSOURI.

St. Louis, July 21.—James E. Yeatman, President of the Sanitary Council, who undertook sometime ago to relieve the necessities of the negro refugees arriving from the South, has given up the attempt for want of funds. The Refuge established by him closed Saturday night, and parties arriving afterward had to camp out on the wharves and levees. He says an effort will be made to inform the negroes in the South, who may be contemplating emigration, that they must not expect help in St. Louis.

## LOUISIANA.

NEW ORLEANS, July 21.—In the Constitutional Convention today the State debt ordinance was read the third time and passed; yeas 72; nays 42. During a thunder storm last evening lightning struck in several places in the city. No serious damage done.

## East Tennessee Welcomes Refugees.

WHITESBURG, July 18, 1879.

MR. EDITOR: I notice a circular purporting to be from the Memphis Appeal, the purport of which is calculated to injure East Tennessee, and is surely a misrepresentation. In substance it said: "Every place is crowded with Memphians, fairing badly; no eggs, no vegetables, milk and butter scarce. They will soon eat out East Tennessee, and be glad to return." I know not how anxious the refugees are to return, of course, it is natural for people to incline homeward, but so far as the supplies are concerned they are competent to feed any number that may come, and as to the fare every one who has traveled through East Tennessee knows that it is hard to beat. Let the people come to this healthful country and we will feed them bountifully and have plenty left.

E. J. HART.

## The Normal School.

CONCORD, July 21.  
MR. EDITOR: All the teachers on hand this morning. To-night we are to be favored by a lecture from Prof. Joyner who will stop off on his return from Nashville.

Below we give a list of the entire Normal School for the benefit of the directors of the county, and the whole community who are interested. It is, that all may know who are striving to improve. The directors are especially invited to attend the Normal School on Wednesday, all others interested in the success of the school. During the remainder of the school we are going to the best methods of organizing and teaching, and other important topics. Instructors—Messrs. W. H. Perkins, Principal, Concord, Tenn.; W. L. McSpadden, Knoxville; T. C. Kars, Cleveland, Tenn.; W. R. Murphy, Knoxville; F. M. Smith, Superintendent of Knox county, Concord, Tenn.

Pupils—S. W. McCallie, Trundle's Cross Roads; W. G. McCall, Knoxville; J. W. Smith, Spring Grove; J. B. Burnett, Knoxville; H. L. King, McMillan's; A. J. Gambell, Concord; J. H. Gambell, Ebenezer; S. P. F. Carson, Concord; J. W. Henson, Spring Grove; J. M. Yarnell, Ball Camp; W. B. Hall, Ebenezer; Jas. Grant, Muddy Creek, Loudon county, Tenn.; G. W. Dunn, Knoxville; W. W. Egan, Ball Camp; Chas. Mason, Knoxville; W. L. Cottrell, Knoxville; J. M. Smith, Concord; W. S. Duncan, Lettinger's, Knox county; Geo. P. French, Knoxville; J. S. Fowler, Knoxville; Jas. Rich, Concord; W. B. Carter, Ebenezer; H. D. Williams, Concord; R. M. Lowe, Concord; H. M. Brown, Powell's Station; J. P. Brown, Hall's X Roads; J. Lee Ensign, Concord; A. G. Galtbreath, Concord; P. W. Beech, Campbell's Station; J. W. Hertzler, Campbell's Station; M. Bean, Blue Springs; D. B. Bean, Knoxville; W. S. Hickman, Ebenezer; J. A. Longbottom, Chas. E. Ensign, Jackson Prater, Ella McCallie, Concord; C. F. Casteel, Mossy Creek; C. E. Russell, A. D. Russell, V. Skinner, Concord; K. E. Cooper, Cooper's; V. Doughty, Ebenezer; F. E. Smith, Concord; Emma McAdoo, Coal Creek; A. L. Stalfus, Campbell's Station; L. A. Newhauser, Concord; M. A. Mary, M. E. Rowntree, C. E. Young, M. Hoville, Knoxville; L. Loudon, M. H. Huffaker, Asbury; N. Keener, Gap Creek; Lillie Anderson, Belle Armstrong, Knoxville; Mary Huffaker, Asbury; Belle Forter, Madisonville, Monroe county; Mina Barr, Ida McMulloch, M. E. Crumley, L. C. King, T. A. Norman, J. M. Love, A. M. Singleton, Knoxville; M. A. Cassidy, Strawberry Plains; F. M. Robers, McMillan's Station; A. C. Luttrell, Union Church; M. A. Lindsey, L. F. Brown, J. W. Hall, Pratt's Station; J. H. Pratt, Muddy Creek; W. L. Harman, Speedwell, Claiborne county; J. M. Jett, Hall's Cross Roads; R. A. Pryor, Ball Camp; A. L. Hill, Knoxville; M. A. B. Roberts, Knoxville; J. J. Harden, Concord; S. M. Cooper, J. H. Galyon, Knoxville; J. W. Taylor, Strawberry Plains; B. Caldwell, M. K. Callison, Hall's Cross Roads; T. L. Gammon, Careyville; C. M. Reed, Heiskell's Station; E. G. Gound, Muddy Creek; W. A. Llewellyn, Concord; James Mazy, Knoxville; A. J. Hinkle, Maynardville; B. B. Parker, T. A. Norman, C. F. Chapman, T. B. McLemore, Knoxville; T. L. Calloway, Concord; J. B. C. Cuthran, New Market; R. P. Rudder, Cooper's; W. W. Bishop, Ball's Station; J. A. Galloway, Strawberry Plains; E. C. Skaggs, Roebuck; J. L. Ledgewood, Grayston. The number of pupils is one hundred and four.

## Marriage Licenses.

The following are the licenses issued from the County Court Clerk's office during the past week:  
Samuel C. Smith and Susan E. Kincaid.  
David Langhorn and Mary Roach.  
Chas. J. Cozans and Elizabeth Fisher.  
John Gilmore and Cornelia Moore.  
G. W. Turner and Agnes Gillespie.  
Andrew Thompson and Margaret Jennings.  
Jas. M. Hodges and Naomi Weaver.  
Wm. D. Nichols and Mary E. Houser.

## A Remarkable Spring.

Between Blue Springs and the residence of Catherine Self, and about nine miles west of Greeneville, there is a large and bold spring of flowing water, enough to turn a mill; and in fact a short distance below this spring there is a new mill run by the water flowing from the spring. About two weeks ago without any previous indication of drying up, this spring suddenly entirely ceased to flow. It remained in this condition for twenty-four hours when it again commenced and still continues to flow as before. What is more remarkable, the oldest inhabitants say that sixty years ago, and about this time in the year, the same thing occurred, and for the same length of time. Can this be explained on scientific principles?—New Era.

## From Sunday's Second Edition.

## THE YELLOW FEVER QUESTION.

A Call from Memphis on Knoxville.

Special Session of the City Council—Exciting Debate and What Came of It.

The following dispatch was received yesterday:

"MEMPHIS, July 19, 1879.

"To the Mayor of Knoxville:

"The authorities of this city wish to know whether you are willing to open your city to a large number of poor whom they wish to send out. I have been requested to find out if your public spirited people would have any objection to their locating near your city. The State or the city of Memphis will provide for them. There is no danger from people leaving the city within the next four or five days.

"JOHN A. GRANT, Gen'l Supt."

The Board met, all the Aldermen present, except Mr. O'Connor having signed the call. Mayor Luttrell being absent, Alderman McCaffry was requested to take the chair.

Present, Aldermen Albers, Stephenson, Sullivan, Lyons, Shea, Allison, Lewis, O'Connor, Hockinjos, Harris, Irvin, Dickson and Burrier.

The dispatch having been submitted to the City Board of Health for advice, Dr. Park, as Secretary of the Board, read the following:

## RESOLUTION OF THE BOARD OF HEALTH.

Be it Resolved by the Board of Health of the city of Knoxville, That it is the sense of the Board that we do not feel that the health of our city would be endangered by quartering a limited number of Memphis poor in our vicinity, provided the regulations of the National Board of Health, be strictly carried out, in their disposal and proper care be afterwards taken to preserve and enforce efficient quarantine and sanitary regulations. But should the State of Tennessee signify its approval of the city of Memphis quartering her poor upon State ground, that we, as a municipal Board of Health have, no authority to interfere with such procedure, inasmuch as the National Board of Health have officially proclaimed that no such interference can be made their rules having been complied with.

J. P. PARK, Sec'y.

Knoxville, 19, 1879.

A motion was made and seconded to adopt the resolution.

Dr. Park being called upon, made a few explanatory remarks on the resolution.

Dr. Tadlock also gave his views on the subject. He objected to the opening of the city to these people, but favored, under proper quarantine regulations, the location of any number of the poor who may decide to quarter in the neighborhood of the city, but wanted them quartered and not allowed to run over our city during night.

Harris made some remarks on the subject. It was a tough question to decide. The whole medical profession have been driven to the wall, and they admit they don't know anything about yellow fever. We have never failed to open our city to nice, clean people from Memphis, but have a thousand or more to come, like the dispatch inferred, it was a different thing.

He was in favor of answering that Knoxville will receive all who may come and pay their own way, but will not permit the opening of such a number of indigent people within ten miles of the city.

Alderman Shea was in favor of the resolutions of the Board of Health. He was not in favor of making distinctions, and no doubt many of those who could not pay their own transportation were as dear as those who could pay their way.

Alderman Allison wanted to ask a few questions of the President of the Board of Health. He wanted to know what authority the city has to condemn any property near the city for the time for the purpose of locating these people, the State having no property to locate them upon.

Answer: The United States has the authority to use any property for the protection or preservation of its people; the action of the National Board of Health, signed by the President, giving the authority.

After some further discussion the resolution of the Board of Health was adopted.

Alderman Allison and Dr. Park, by common consent, withdrew to write a dispatch for the Board to vote upon, stating where they would locate the people, and asking permission to make a few remarks. He was not in favor of telling them to come here, but wanted them to go to the table-lands, and thought the best thing they could do would be to telegraph to the Secretary of War to send them tents and provisions, and quarter them upon these table-lands. It would paralyze business for them to come here. If the Board permitted these people to be shipped here the citizens would take the matter in hand and stop the trains.

Alderman Allison and Dr. Park submitted a dispatch to sent, permitting the location of a limited number not less than five miles from the city under proper quarantine regulations.

Alderman O'Connor moved to amend it to make it five miles. Lost.

The original telegram was then voted upon, with five miles as a limit, and lost.

Alderman Lewis moved to refer the whole matter to a citizens' meeting at the court-house Monday night. Lost.

Alderman Lyons moved that an appropriation of \$250 be made to secure a building for hospital purposes, and that arrangements be made to secure furniture, if needed. Carried.

After some discussion, the following telegram, to be sent to Memphis, was offered by Alderman Lyons:

"Will receive as many as two hundred, to be distributed at various points in Knox county, as far as ten miles from the city, in accordance with National Quarantine."

Alderman Sullivan offered an amendment to make it five hundred. Alderman Shea moved to make it one thousand. Lost.

Alderman Sullivan's motion was then voted on and lost.

Alderman Lyons' motion was afterwards put and carried by the following vote:

Ayes—Allison, Burrier, Dickson, Lyons, Lewis, Irvin, Stephenson—7.

Nays—Harris, Hockinjos, Sullivan, Shea, O'Connor—6.

Some dissatisfaction was expressed with the action of the Board, it was re-

convened, with Alderman Allison in the chair, when Alderman Harris offered the following resolution:

Resolved, While we do not propose to close our doors against any one, it is the sense of this Board that we are not prepared to receive large numbers of persons coming to us in a body and depending upon the city authorities for a temporary home.

After considerable discussion the resolution was adopted.

The following telegram was ordered to be sent in answer to the telegram from Memphis:

"For the present we are not prepared to make other reply than that Knoxville stands ready to contribute liberally to the establishment and maintenance of a camp for the poor within a reasonable distance from Memphis. Will advise further hereafter."

The Board adjourned.

Just before going to press Dr. J. P. Park, City Physician, informed us that he had received information from the inspecting officer at Memphis, and from Dr. E. D. Mitchell, inspecting officer and member of the National Board of Health, that no passenger was allowed to pass out of Memphis without a certificate from the health officer that such a party was not infected. Also that there is a transfer of passengers five miles this side of Memphis.

Ayer's Cathartic Pills.

For all the purposes of a Family Physic, and for curing Constipation, Jaundice, Indigestion, Stomach, Bile, Headache, Neuralgia, Rheumatism, Dropsy, Dyspepsia, Emission, General Debility, and for Purifying the Blood.

Are the most effective and congenial purgatives ever discovered. They are mild, but effectual in their operation, moving the bowels surely and without pain. Although gentle in their operation, they are still the most thorough and searching cathartics that can be employed; cleansing the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and remove all impurities from the blood.

Ayer's PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. Their correct disordered action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerfully, yet they are, at the same time, the safest and best physic for children. By their aperient action they grip more less than the common purgatives, and never give pain when the bowels are not inflamed. They reach the vital fountains of the blood, and strengthen the system by freeing it from the elements of disease.

Adapted to all ages and conditions in all climates, containing neither calomel nor any deleterious drug, these PILLS may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take; while being purely vegetable, no harm can arise from their use in any quantity.

PREPARED BY

Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists, SOLD BY ALL DRUGGISTS EVERYWHERE.

## Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Eruptions of the skin, Pimples, Pustules, Boils, Blisters, Tumors, Tetter, Salt Rheum, Scalds, Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Stiff and Head, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillinger, Mandrake, Yellow Dock—with the Iodine of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skillfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome diseases.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
